SMAK DAB

Carly Minish-Wytinck is the founder of Smak Dab. This Red Seal Chef turned Entrepreneur saw a gap in the food market for premium mustards with a focus on Canadian ingredients - including mustard seed, maple syrup, craft-brewed beer and honey. Smak Dab can be enjoyed directly as a condiment or as an essential ingredient in cooking, because of its delicious flavour combinations, and zero use of artificial emulsifiers, thickeners, or sweeteners.
